Greetings!

Welcome to the THIRD year of the Plaza Performance Series! We have had some incredible acts grace our stage over the past two years and this third year promises to be just as spectacular!

RIDERS IN THE SKY, VICKI LAWRENCE, MARTY STUART, TRACY LAWRENCE, THE GOLDEN DRAGON ACROBATS OF CHINA, and KATHY MATTEA will all join us for this wonderful

2007 - 2008 series.

You'll also notice a few changes here at the Plaza as well. First, we have a newly redesigned logo. You'll find it throughout this playbill and on most of our printed materials. We hope you'll like it as much as we do and come to recognize it as ours.

Also, Anthony Kenney (formerly of the band *The Kentucky Headhunters*) has joined us as the full-time Technical Director here at the Plaza. Please make Anthony feel welcome if you see him running around behind-the-scenes making these great shows happen.

The Plaza has also purchased the building immediately adjacent to the Plaza - the old Grinstead Grocery building. This space is being renovated for use as administrative offices for the Plaza, as well as urgently needed storage space and support spaces such as meeting spaces, reception spaces, and rehearsal spaces. Please keep an eye out for a grand opening announcement sometime this summer.

We have changed our internet domain name as well. We have switched from the cumbersome and often misspelled "www.glasgowplazatheatre.org" to the much more simple "www.plaza.org"

It's a great time for the Arts here at the Plaza and we hope you'll come often to enjoy all of the great events that happen here, from the Plaza Series to community events, to other touring events.

Best wishes,

Steve Jones
Executive Director

GOLDEN DRAGON ACROBATS OF CHINA

The Golden Dragon Acrobats represent the best of a time honored tradition that began more than twenty seven centuries ago. Direct from Hebei, China, our company has traveled around the world to all 50 states and to over 65 countries on five continents, including performances at prestigious venues like the Kennedy Center for the Performing Arts and Caesar's Palace in Atlantic City just to name a few.

With performers trained in the rigorous art of acrobatics since early youth, the troupe has garnered international acclaim. We are proud to have been presented with several major awards over our company's history including the National Association of Campus Activities (NACA) Entertainer of the Year Award and the Campus Activities Today's Performer of the Year Award.

The Golden Dragon Acrobats are under the casting direction of Asian Artists Productions located in Plano, TX. AAPI chooses its talented performers directly from the People's Republic of China and maintains a team of theatrical technicians and touring managers in the United States whom are responsible for the safe travel and execution of the touring show.

History of Chinese Acrobats

The ancient art of Chinese Acrobats is an old and long running tradition that began in China more than two thousand years ago. Over its long and rich history it has developed as one of the most popular art forms among the Chinese people. While many historical records provide evidence for the development of Chinese Acrobatics as far back as the Xia Dynasty (4000 years ago), it is most commonly held that the art form did not become widely popular until approximately 2,500 years ago when it began to capture the attention of the country's powerful emperors.

Since these early times, acrobatics have evolved into many various forms of popular performance including dance, opera, wushu, and sports. However, the impact of Chinese acrobatics goes beyond the boundaries of the stage as it plays an important role in the cultural exchange between China and Western nations such as the United States.

The citizens of China continue to present their acrobatic art to the world today, hoping to portray the hard working nature of their people and the rich traditions of the Chinese culture.
